FRESH CHICKEN - OUR #1 INGREDIENT

- Crunchy Mini-Kibble for Small & Medium Breeds
- Balanced Nutrition Helps Promote a Strong Immune System
- High Digestibility for Small Stools & Easy Cleanup
- Enhanced with DHA

NATURAL WITH VITAMINS AND MINERALS

Made with Fresh Chicken

A puppy only gets one chance to form the skeleton and muscles that will support him for the rest of his life. Exclusive® Chicken & Rice Puppy Formula gives a puppy the extra nutrition he needs during that critical first year of rapid growth. It contains calcium and other minerals for strong bones and teeth. DHA is a nutrient found in mother's milk for brain and vision development. Highly digestible ingredients are key to small, firm stools for easy cleanup. While the crunchy mini-kibble is suitable for puppies of all shapes and sizes, it's especially beneficial for small and medium breed puppies.
