### FEEDING DIRECTIONS

This is a complete grain mixture for lactating dairy goats. Feed according to production requirements (1 pound of Dairy Goat Parlor 16 ration per every 2 quarts of milk produced) along with good quality forage free-choice. Do not dilute further with grain.

Provide adequate amounts of fresh, clean water.

**Warning:**

**This product contains copper and should not be fed to sheep.**

**Caution:**

**Store in a dry area away from insects.**

**Do not feed moldy or insect-infested feed to animals as it may cause illness, abortion or death.**
