EQYSS Grooming Products

Heritage Trading Company carries a full line of EQyss grooming products in our distribution centers in Bowling Green, Kentucky and Wichita, Kansas. EQyss was established in 1991 by founders that had a desire to provide and manufacture crueltyfree, environmentally friendly and 100% SAFE skin and hair products for humans, horses and pets. EQyss is the only company that makes grooming products that do not contain ingredients that will coat or damage the hair. Their products also do not contain alcohol or detergents that strip essential nutrients and vital moisture from hair and skin. Theirs are the only grooming products available that are manufactured with mucopolysaccharides and NaPCA, patented ingredients that accelerate the rate of moisture pulled from the air through the hair shaft to the skin of the animal over 100 times the normal rate.
