

Mare's Match Foal Pellets

Designed Foal Nutrition

Your goal is growing a foal to its full genetic potential. LAND O LAKES® Mare's Match® Foal Pellets are part of that equation.

Mare's Match Foal Pellets, a milk-based supplement, designed to provide your young foals and weanling horses with palatable, scientific nutrition that's part of a flexible successful nutritional feeding program.

* Cup enclosed in package holds approximately 0.5 pounds of Mare's Match Foal Pellets.

Benefits

- Provides nutritional boost for maximizing foal growth.
- Milk based nutrition helps aid in transition from milk to grain.
- Provides highly digestible fat source to help meet foal energy requirements.
- Has balanced nutrition including calcium, phosphorus and trace minerals.
- Foals like it! Palatable nutrition to help provide a healthy, energetic foal.

When To Feed

Mare's Match Pellets

• Orphans/Early Weanlings

Mare's Match Foal Pellets can be fed free-choice up to 2 pounds of 4 cups* per day.

• Nursing Foals

Mare's Match Foal Pellets can be fed free-choice up to 1.5 pounds or 3 cups* per day.

• Weanlings/Yearlings

Feed normal protein roughage/grain ration. If additional condition is desired, feed 0.5 to 1.5 pounds (1-3 cups) of Mare's Match Foal Pellets.

• Broodmares

Gestation: Depending on the condition of the mare, supplement the mare's ration with 0.5 to 1.5 pounds (1-3 cups) of Mare's Match Foal Pellets daily. Do not allow the mare to become fat.

Lactation: If supplementation is needed, feed 0.5 to 1.5 pounds (1-3 cups) daily depending upon the condition of the mare.

• Performance Horses

Supplement the ration with 0.5 to 1.5 pounds (1-3 cups) daily to maintain condition.
