

## Ultium Testimonial

From Danae Dreckman – Marcus, IA

"My gelding has always been a little underweight (he is a thoroughbred). I was talking to Sheila Letsche/Purina and she suggested doing an Ultium trial on him. I could not believe what an improvement in overall coat condition, better mental focus. He really seemed a lot happier, probably because he was receiving the properly fortified nutrients he needs."

" . . . I am a Purina believer!!"

Sincerely,  
Danae Dreckman
